

# GROWTH GROUP

## Trinity Sunday

Week of 6/14/2020

### Getting Started

Would you rather go to the zoo or Sea World? Hiking or swimming? Visit Italy or Canada?

### Into the Word

Read **Genesis 1:1-2:3**. What things do you want to highlight or talk more about after reading the introduction to God's Word in the Bible?

Notice the order of forming, then filling as God created everything during these six days.

<b>FORMING</b>	<b>Day 1:</b> Heavens & earth; light	<b>Day 2:</b> Sky separated from water	<b>Day 3:</b> Dry land and vegetation
<b>FILLING</b>	<b>Day 4:</b> Sun, moon, stars	<b>Day 5:</b> Fish and birds	<b>Day 6:</b> Land animals & people

Identify places where you see evidence of each person of the Trinity active in creation.

As you look at how the Trinity made the first people, what details highlight the uniqueness of human beings as the crown of God's creation?

Read **2 Corinthians 13:11,14**. The Trinity made us and continues to bless us. How does his blessing give us more of who he is?

### Apply

How could you use the creation account to explain why you believe every person is valuable and worthy of dignity and respect?

God's perfect creation was quickly ruined by sin. What aspects of the new heavens and new earth (creation restored) encourage you when dealing with the effects of our fallen world?

### Around the Room

Share your highs and lows for the week.

### Pray

**Prayer suggestions:** For healing, justice, and peace in our nation; for creation and for heaven.
